Description

Gilmar presents this 18th-century historic building in the classical style, located right in the heart of San Fernando. It features two floors totaling 900 square meters, plus an accessible rooftop terrace offering excellent views of San Fernando. Inside, there is an inner courtyard surrounded by a glass-enclosed gallery, around which most of the

ground floor's layout is organized. At the rear of this floor is a second open-air inner courtyard, giving this property characteristics that make it unique. The building is highly versatile, as it is suitable for use as an excellent private residence, for a residential development, or to be converted into the finest boutique hotel in San Fernando.
