Description

Gilmar Consulting Inmobiliario is proud to offer the opportunity to stay in a luxurious Balinese-style mansion for short stays.

This villa, located in a privileged area of Málaga, known as Indonesian Palace Luxurious Boutique, features breathtaking views of the entire Málaga Bay, with the possibility of seeing the African coast on clear days, as shown in the property's image portfolio.

With over 1,700 square meters of land and 712 square meters of built area, this exceptional property comfortably accommodates up to six adults and four children. The villa is distributed across three bedrooms and living areas, featuring

one double bed, four single beds that can be combined to form doubles, and two sofa beds that sleep two adults each. The property also includes five bathrooms, four in the main villa and one located near the pool.

The villa is designed in a Balinese style, featuring a native thatched roof and wooden exterior walls. Its interior is decorated and furnished in a luxurious oriental style, boasting exclusive furniture and pieces that create a unique, comfortable atmosphere. This is further enhanced by the villa's tropical garden, filled with various types of palm trees from around the world, as well as banana trees, orange trees, and avocado plants.

Description

At the heart of this earthly paradise lies a 200-square-meter pool with a sandy beach area, a six-person jacuzzi, and a waterfall. The pool also has a shallow area for children and a swimming section, requiring constant adult supervision for children using the pool. Next to the pool is a sunbathing area with unmatched sea views.

The property offers total privacy, shielded from prying eyes, ensuring a tranquil environment where guests can enjoy silence, peace, and relaxation.

In terms of amenities and comfort, our villa provides

everything one would expect from accommodation of this level, including a sauna, two jacuzzis (one within the pool), a state-of-the-art home cinema, a barbecue area, a private beach, expansive terraces and porches (over 200 square meters), and a private garage with space for two vehicles.

For safety, given the vast area the property covers, the villa is equipped with an alarm system, external CCTV, smoke detectors, fire extinguishers, and a fire hose on the internal staircase connecting the ground and main floors.
