Description

Gilmar offers for sale this two bedroom flat with a large terrace overlooking the sea just a few metres from the beach. It is a double flat in Residencial Portonovo, with an exceptional location. The complex enjoys communal areas with gardens and swimming pool in an enviable state due to the works to which it has been subjected lately. At the same time, this flat has been renovated with the care and

attention of those who renovate for their own enjoyment. Careful lighting systems, air conditioning in all the rooms, installation of the washing machine in some exterior wardrobes located on the terrace, automatic awnings and an endless number of details that make this property an opportunity since you will be able to make use of it from the first day you acquire it.
