Description

A New Way of Living on Estepona's New Golden Mile

This is more than just a place to live – it's a sanctuary where everyday life is reimagined. From early morning dips in your private pool to sunset strolls along the shore, every corner invites you to experience a lifestyle of balance, design, and nature.

Set in the most promising area of Estepona's flourishing west side, this exclusive low-density residential development features 78 contemporary homes with 1 to 4 bedrooms, thoughtfully designed with meticulous attention to detail.

Surrounded by lush vegetation and flooded with

natural light, each residence offers a sense of total disconnection from the urban rhythm – intimate, calming spaces that feel like a private retreat.

The development boasts resort-style amenities seamlessly integrated into the landscape: a spa tucked behind flowering stone walls, a serene coworking space with garden views and filtered daylight, and a glass-walled fitness suite where nature replaces machines.

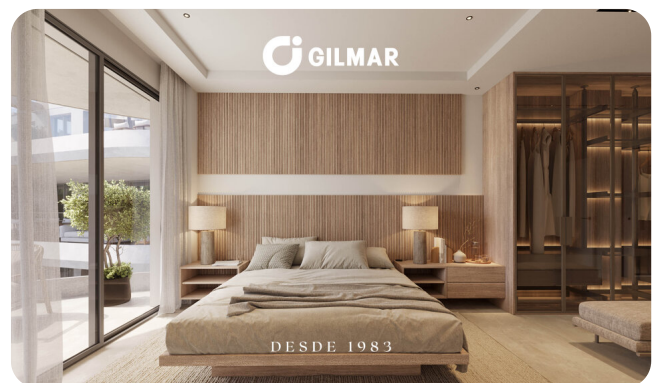

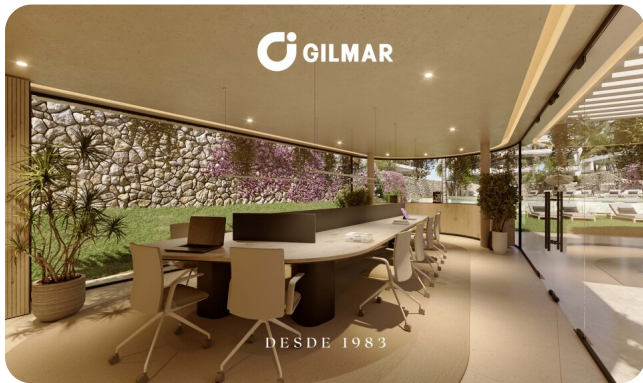

Start your day with a swim in the heated indoor pool or refresh in the outdoor saltwater pool. Embrace moments of stillness in the spa or share an evening drink by the fire with like-minded neighbors.

Description

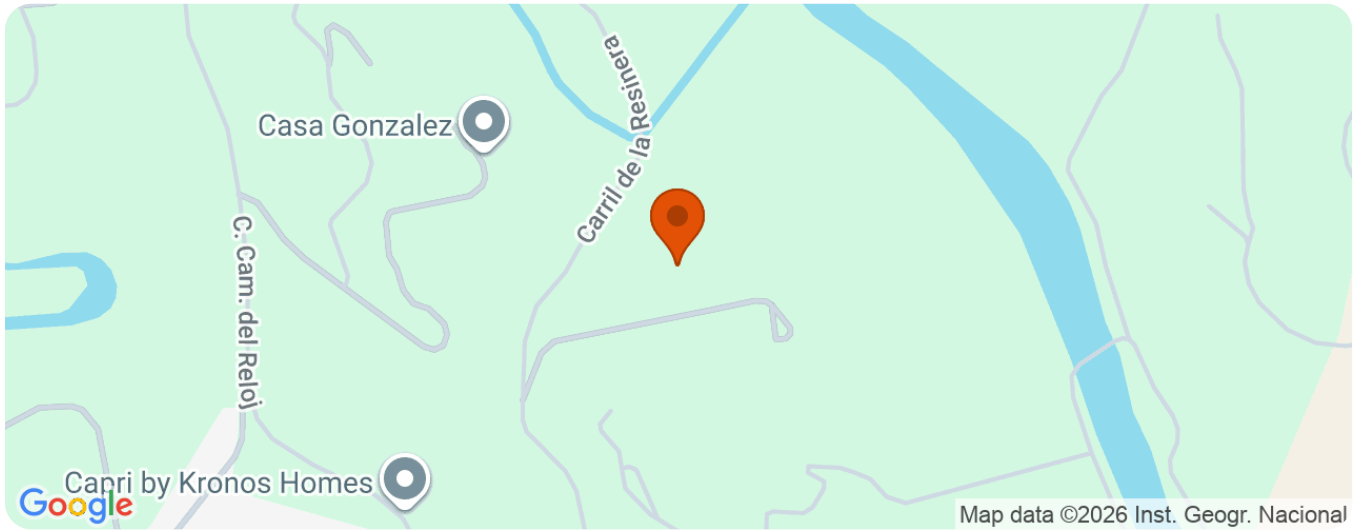

Just a short walk from the beach and even closer to everyday essentials, this privileged location blends the best of Mediterranean living with a sense of escape. Here, the Costa del Sol reveals its softer

side — authentic, connected, and naturally elevated. It's not about being in the center of it all — it's about choosing the perfect place to step away.
