Description

Discover this lovely semi-detached villa in the picturesque municipality of Vejer de la Frontera, a place that combines Andalusian tradition with dreamy landscapes. This property, with a constructed area of 137 m², is strategically located in the heart of the historic centre of Vejer, just a few steps away from the emblematic Plaza de España. The property, distributed over two floors, offers a unique design with a careful balance between the traditional and the practical.

On the ground floor, you will find a welcoming entrance hall, an interior patio that provides natural light and ventilation, a spacious living room, a functional kitchen, two bedrooms and a complete bathroom. The first floor houses two large

open-plan rooms that were once used as a barn, which offers endless possibilities to adapt them to your needs, whether as additional bedrooms, a study, games room or storage space.

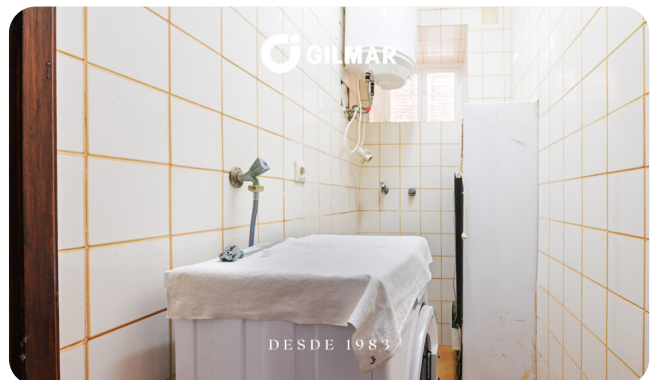

Vejer de la Frontera is one of the most beautiful villages in Spain, with its cobbled streets, whitewashed houses and panoramic views of the Cadiz countryside. The property is surrounded by amenities, shops, restaurants and local markets that reflect the essence of Andalusian gastronomy and culture. In addition, its proximity to the coast (only 15 minutes drive to beaches such as El Palmar) makes it an ideal choice for both permanent residence and second home.

Description

Although it does not have heating, air conditioning, garden or swimming pool, its privileged location, its architectural charm and the possibilities for

renovation on the upper floor make it a unique property in its category.
