Description

Gilmar Real Estate Consulting presents a fantastic opportunity for its clients in the Embajadores district of Madrid to live or invest in Imperial.

Located in a well-maintained building on Virgen del Puerto Street, this spacious first-floor apartment boasts 139 m² of living space, distinguished by its generous rooms and abundant natural light.

The apartment currently features five bedrooms and two bathrooms, a configuration that offers numerous possibilities for redesigning the layout. Its dimensions allow for a reconfiguration that could create a spacious and elegant home with open-plan living areas and generously sized bedrooms, while maintaining the stately character that many of

these buildings retain.

The spaciousness of the rooms and their exterior orientation provide a great sense of openness and natural light, increasingly valued features in the market. All of this makes the property a true blank canvas for those wishing to design a custom home, adapted to a contemporary lifestyle.

At the same time, the property is in habitable condition, allowing you to move in immediately or plan a gradual renovation according to the new owner's needs and preferences.

A property with great potential, ideal for those seeking space, light, and possibilities for

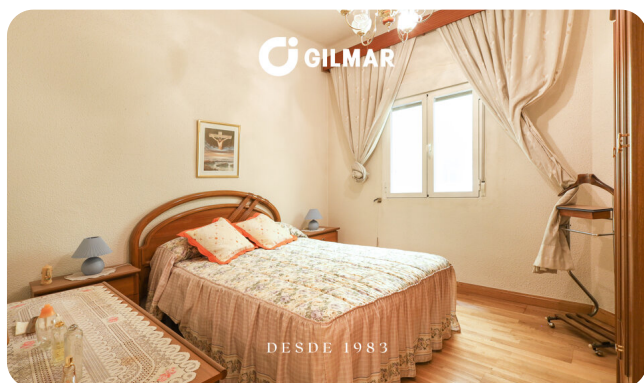

Description

transformation, in a well-established building and a prestigious area of Madrid.

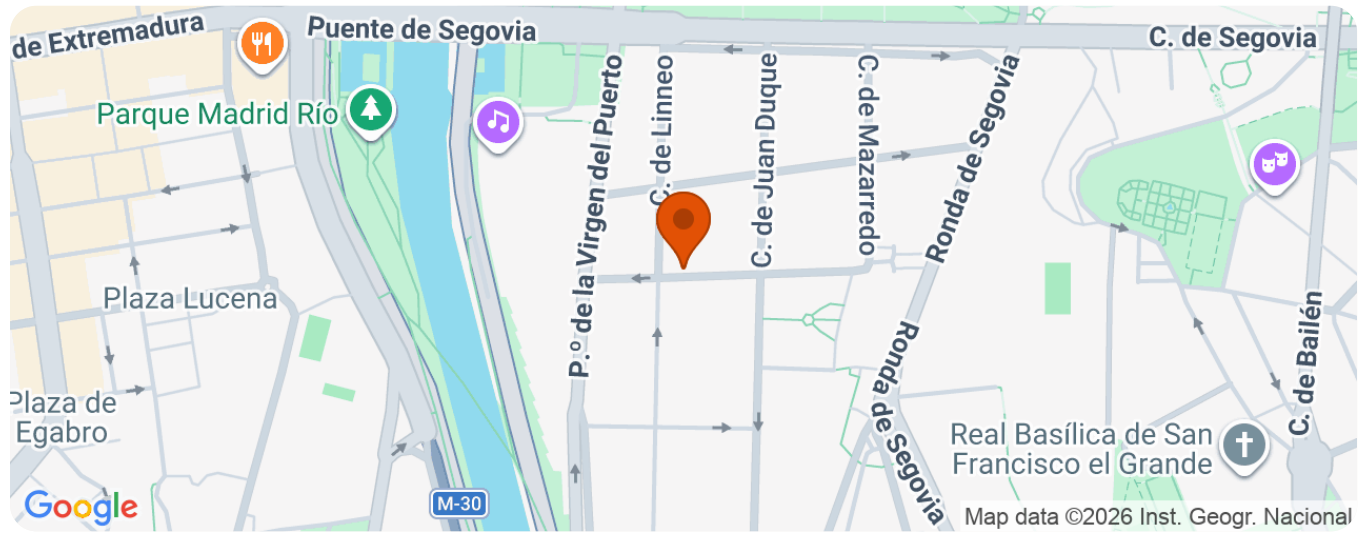

Since 1983, GILMAR has been a leader in the real estate sector, helping thousands of clients find their dream home. If you would like more information

about this property, please do not hesitate to contact our team at the Embajadores office, located at Calle Embajadores, 80. Call us at [phone number] or email us at [email address], quoting reference 220095. We will be happy to assist you.
