Description

Welcome to Villa Nara, an exceptional property that redefines luxury living on the Costa del Sol. Designed by the renowned architecture studio ARK, this villa embodies a new way of living—more conscious, sustainable, and deeply connected to its natural surroundings.

Set on an extraordinary plot of over 10,000 m² with nearly 4,000 m² of built space, the property has been carefully conceived to integrate seamlessly into the landscape, respecting the natural topography while maximizing open views towards the Mediterranean.

Designed predominantly on a single level, the architecture emphasizes spatial continuity, fluidity,

and a direct connection between indoor and outdoor living. The green roofs extend the natural landscape over the home, softening its presence while enhancing thermal efficiency and environmental performance.

More than a residence, Villa Nara is a lifestyle concept centered on wellbeing.

The villa features eight exquisite suites, expansive living areas designed for comfort and entertaining, and family spaces that open ~~the~~ the outdoors, where a stunning swimming pool becomes the focal point of Mediterranean living.
