Description

Gilmar Real Estate is selling this fantastic apartment located in the heart of Malaga's city center, in the emblematic El Molinillo neighborhood, just a short walk from the city's historic center. A strategic location with enormous potential, it is surrounded by some of the area's most iconic landmarks, such as the famous Salamanca Market and the Jorge Rando Museum.

Furthermore, the apartment is situated next to the Guadalmedina River, an area where one of the city's most important urban development projects is expected to take place in the coming years. This project will transform the area into a large green corridor, providing a unique, modern, and sustainable space within the urban core. Adding to

its appeal is its proximity to the established Martiricos district, known for its impressive residential towers and the iconic La Rosaleda Stadium. All of this makes this location one of the areas with the greatest growth potential and appreciation in Malaga.

The apartment is located on the first floor of a building currently being renovated for the future installation of an elevator, an added benefit that will further improve its accessibility and comfort. With a constructed area of 82 square meters, originally distributed as a three-bedroom apartment, this property has been transformed into an attractive and functional two-bedroom layout, prioritizing spaciousness and comfort throughout.

Description

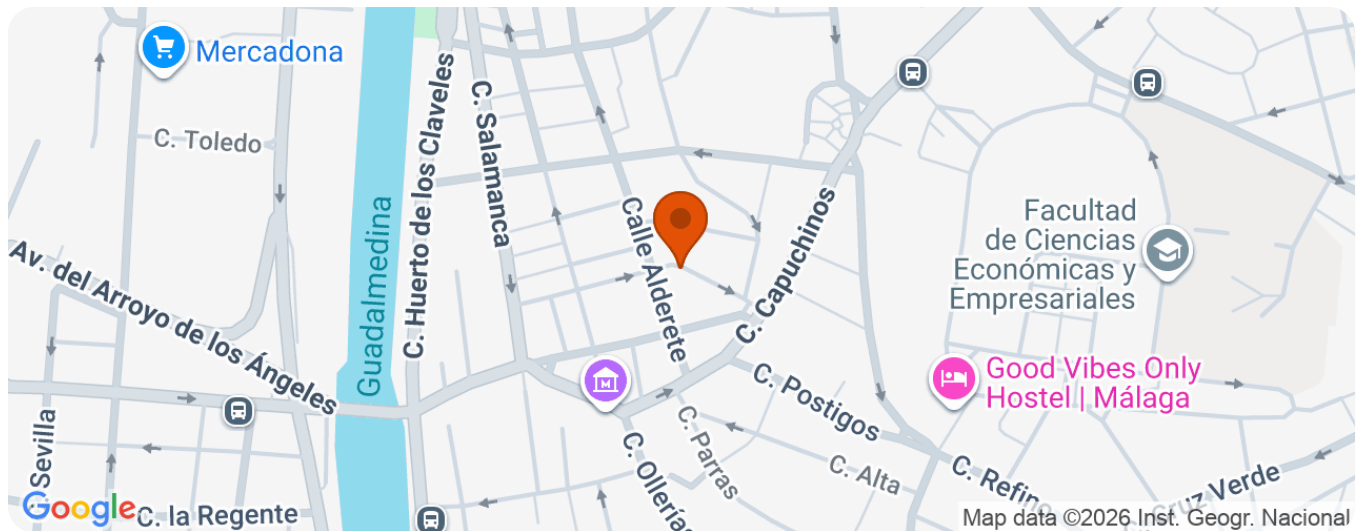

The spacious living room stands out, clearly defined as a sitting and dining area, seamlessly integrated with an open-plan kitchen that creates a modern, bright, and enjoyable space for everyday living. Both bedrooms are generously sized doubles, and the bathroom is complete and functional. The property is in excellent condition, allowing immediate occupancy without the need for any further investment.

Finally, it's worth noting that the property has a holiday rental license, making it an excellent opportunity for both end-user buyers and investors

seeking high returns in one of the city's most promising areas.
