Description

We present a magnificent, recently built (2021) property that combines elegance and functionality, located in one of the best private residential developments in **VILLVERDE ALTO**, Madrid. This ground-floor apartment features a private entrance and exceptional amenities that set it apart as a true luxury within its category. Spanning a total of **127 M² OF BUILT AREA** and comprising **FOUR BEDROOMS**, the property includes exclusive features such as a spacious **12 M² TERRACE**, designed for enjoying the outdoors in complete privacy. As an entirely exterior-facing unit, the home is filled with extraordinary natural light, thanks to large floor-to-ceiling windows and state-of-the-art *Climalit* glazing with thermal break technology.

The interior is optimized to maximize both comfort and natural light. The functional layout includes a spacious living-dining area, two full bathrooms with high-quality finishes, and a separate, fully equipped kitchen that also provides access to the terrace. Every detail has been designed with a focus on efficiency and well-being—most notably the underfloor heating and cooling system, which ensures a comfortable, energy-efficient environment all year round.

The property includes a **PARKING SPACE**—strategically located near the elevator—and a **STORAGE UNIT**, offering an ideal level of convenience for daily living.
